 - More information on the show can be found on our **website**

"The play was very funny but very informative at the same time."

ABOUT THE SHOW

Cadet Sam is bored of doing his homework so he looks to his new computer, the Hobgoblin3000, to help him out...

This 60 minute sketch show takes us through the ages looking at a variety of scientific innovations and inventions:

KS1 - Seasons & Weather, Plants, Animal Kingdom, Human Body, Materials and their properties, Space.

KS2 - Animal Kingdom, Gravity and Forces, Human Body, States of Matter, Space, Sound.

Using our trademark blend of humour, pace and creativity let us enthuse and inspire your children to learn more about the greatest scientific discoveries and theories in the history of humanity.

For those few occasions where a live visit is not possible we have a high quality filmed version of this wonderful show available for streaming!

“Children engaged and involved and retained lots of information.

Loads of curriculum content covered. A big thank you once again!! Overall a fantastic set of shows.”

ABOUT THE COMPANY

Hobgoblin Theatre Company was formed in 2007 by Dan Ellis, Hannah Bowen and James Anthony out of a desire to create high-quality accessible theatre for children that had an educational focus.

Early shows focussed on the History curriculum.

The scope of Hobgoblin's work has broadened over the years to include Numeracy, Science and Literacy shows as well as a strong programme of Traditional Tales.

Hobgoblin shows are fast paced, funny and extremely engaging for all ages.

Our body of work now encompasses live shows in schools & theatres, outdoor touring, bespoke workshops and digital shows and resources.

We are adamant that we will continue to innovate as the company continues to grow.

“The pitch and content was excellent.

Kids were so engaged because the acting was brilliant. The actors gave good interactions with the audience.

Would definitely book again. Thank you!”

“Brilliant! Such an energetic, entertaining and engaging play.

Props and costumes were simple but very effective. Acting was very good. Children were so engaged!

They always love being able to interact - particularly when holding up the planets.

The content covered a huge variety of topics which was great when doing a show for the whole school.

In all my interactions with Hobgoblin Theatre Company the cast have been punctual, enthusiastic and professional.

Thank you for coming and for the fabulous show.”

“Both performances were fantastic with a very enthusiastic team of actors.

Feedback from staff included: ‘very entertaining and engaging for all years and ages’ and ‘the scientific knowledge of the actors was great and the children learnt from them and could take into subsequent lessons’.

The workshop was creative and imaginative and worked on some great drama skills. with the main performance. ”

“The show was fantastic.

It engaged all the children. They found it really funny but also learnt lots of information. The content was pitched perfectly and covered lots of aspects of the science curriculum.

Thank you so much. Children and teachers are all buzzing about it and saying what great stage presence you have, how well pitched, engaging and informative it was. The best theatre show we’ve had in a long time.”
