"We were all just desperate men who wanted to be home for Christmas with the ones we loved; our hearts torn between the duty to our country and the warmth and shelter of our families."

ABOUT THE SHOW

Poignant, moving and thought-provoking - we are thrilled to bring "The Last Post" to life on the stage for children & families across the UK.

The story revolves around the correspondence between Joseph, who is at war, and his son William at home.

The split stage, multi-roling and use of projections allows for fast-paced transitions from England to Belgium so the audience remain immersed in this simple but moving story that entertains in an appropriate and engaging manner.

This 60 minute production is perfect for a family audience from 8 years upwards.

"PLEASE can you come again in 2023, 2024, 2025, 2026... Amazing!"
